Aggregate Functions

SUM :-

```
SELECT SUM(column_name) FROM table_name;
```

AVG :-

```
SELECT AVG(column_name) FROM table_name;
```

COUNT :-

```
SELECT COUNT(*) FROM table_name; -- counts all rows
```

```
SELECT COUNT(column_name) FROM table_name; -- counts non-  
null values in a column
```

MAX :-

```
SELECT MAX(column_name) FROM table_name;
```

MIN :-

```
SELECT MIN(column_name) FROM table_name;
```

GROUP BY :-

```
SELECT column_name, SUM(column_name2) FROM table_name GROUP  
BY column_name;
```

HAVING :-

```
SELECT column_name, SUM(column_name2) FROM table_name GROUP  
BY column_name HAVING SUM(column_name2) > 100;
```
